I. Site Overview

This website serves as a cyber-portal of Fantasy Burgers Restaurant.

II. Site Structure

Home page: Displays a carousel of images, and serves as the landing page.

About page: An introduction and a brief history of the restaurant.

Contact page: Contains location and contact information of the restaurant.

Menu page: Online menu that can be used to order food online.

Menu item page: Detailed description of menu item, and option to add to cart.

Register/Login page: User account management.

Shopping cart page: User can view his shopping cart and checkout.

Checkout page: User can enter his payment information and make a purchase.

III. Color and Font Scheme

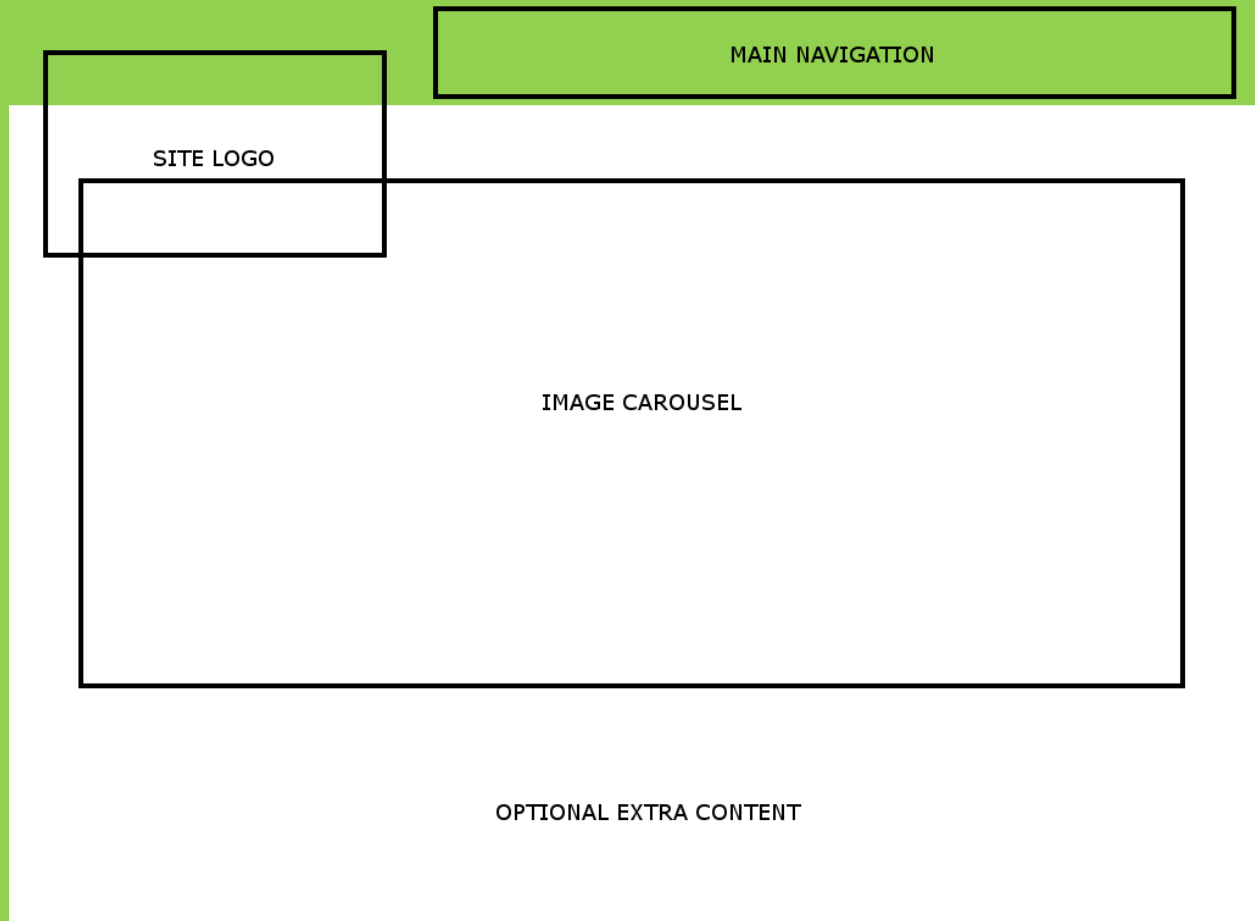

The site mainly uses apple green and white to create an atmosphere of freshness and healthiness.

The fonts used are Roboto and Open Sans, further accentuating the “crispy” look and feel of the site.

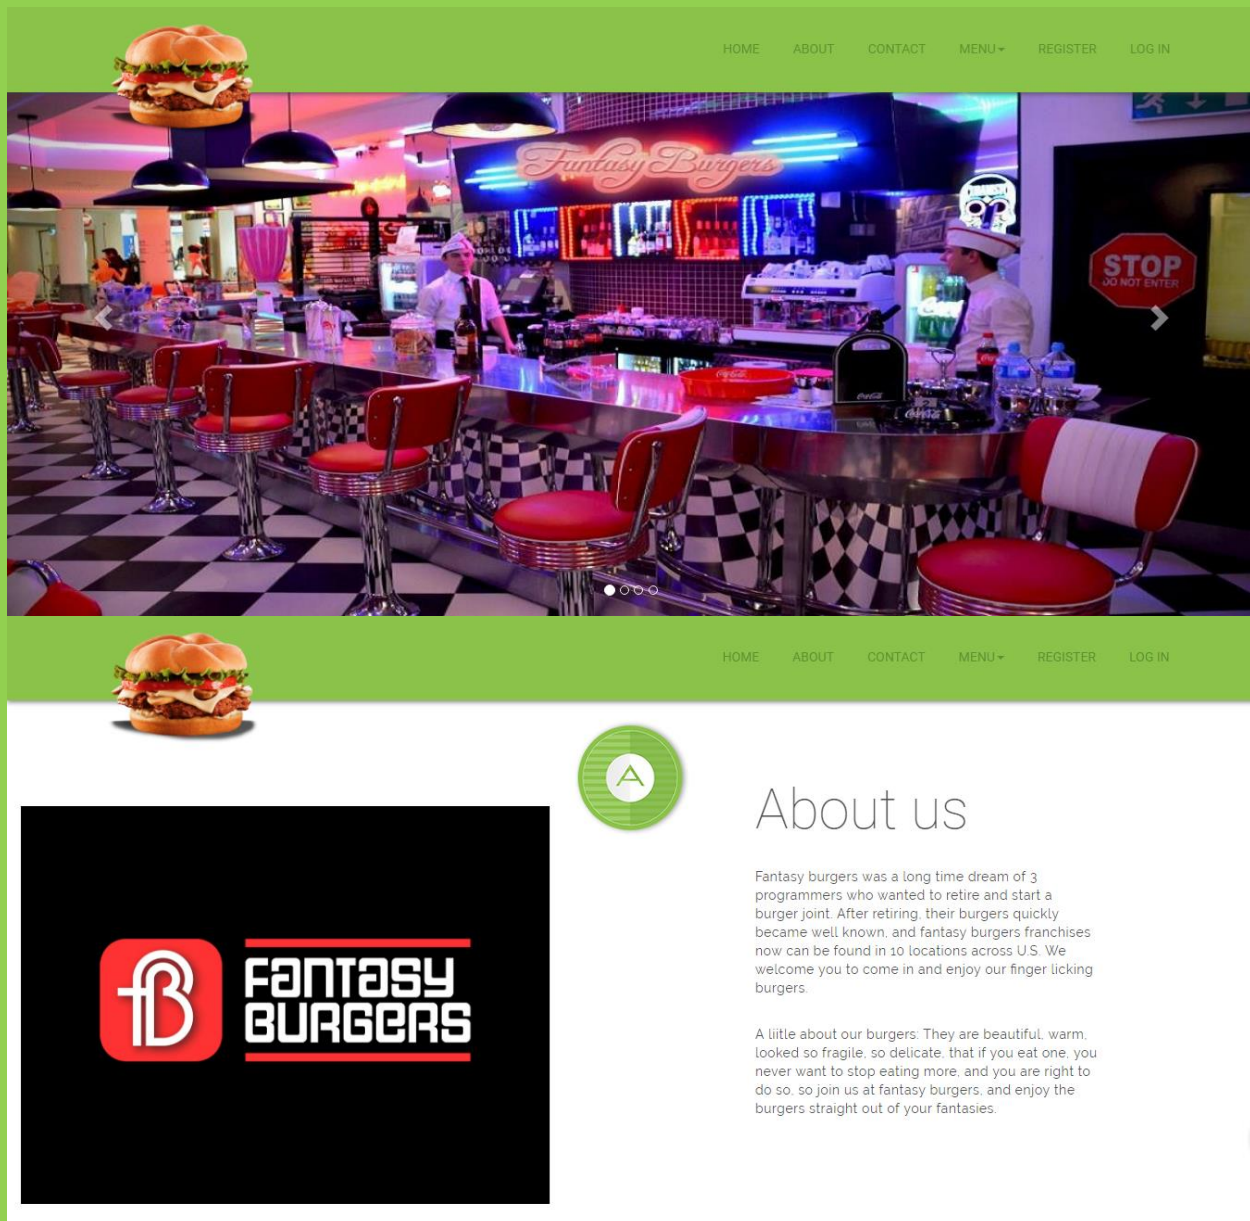

IV. Technologies

- *ASP.NET MVC 5 as framework*
- *Microsoft Azure as web host*
- *Visual Studio 2015 as IDE*
- *Git for version control*
- *GitHub for team collaboration*

V. Initial Design
